

Dear Jim,

I would like to send you a huge THANK YOU for all your time and work. I can't believe the short turn around time in getting our home sold, especially given the current market. Then again that's what happens when you deal with the best! It was great being kept up-to-date every step of the way. The process was seamless and we even shared some laughs.

I think you brought us the luck of the Irish (haha) but most importantly you brought us your expertise.

Take care for now as I'm sure I'll need your services again in the near future.

With much appreciation,

Angelica
